CYCLONE

THE 1955 CYCLONE

Edited By

The Senior Class

of

Alta High School

DEDICATION

The cheerleaders' duties include much more than just leading cheers at games and at pep meetings; many hours are spent in practicing cheers and in planning pep meetings. Also, as a part of their job, they must do all they can to promote good sportsmanship within the student body. Even when the scores look discouraging, they must offer encouragement to the players.

"Whether you win or whether you lose, we're with you, boys, we're with you."

In appreciation of a job well done, we, the class of 1955, dedicate our 1955 "Cyclone" to our cheerleaders.

MEMORIAM

Bonita Jean Woodall

Bonita joined our class in eighth grade and was a member until her passing May 27, 1952.

"Benny," as she was known to her classmates and friends, was very active in extra-curricular activities. She was elected cheerleader by the student body and was friendly to all she met.

Class Song

Tune: There is a Tavern in the Town

We the class of '55, '55
To make the Juniors take a dive, take a dive,
It is our goal for we will ever be the greatest class you'll ever see.

Let's go now to the football field, football field,
To make the Juniors to us yield, to us yield,
For maroon and silver they are now our choice,
So come on Seniors let's rejoice.

Class Yell

Tough as nails, sharp as knives,
Remembered by the teachers all their lives,
Maroon and silver, they will thrive,
We're the class of '55.

Class Motto

Don't try dying; but die trying.

Class Colors

Maroon and Silver

Class Flower

White Carnation

ELEMENTARY ACTIVITIES

This is a preview of some of the activities of the elementary classes. It is only possible to have a few examples of the activities they participate in other than reading, writing, and arithmetic.

KINDERGARTEN

The members of the kindergarten class have visited the fire station, dairy, and post office. In one class after visiting the post office they made their own post office and used their mail boxes for valentines on Valentine's Day.

FIRST GRADE

The first grade has had a unit on electricity in which they studied the uses and beginning of electricity. Close to the end of the year they plan to have a puppet show on "What Sally Saw." To end the year with a big climax they enjoy a train ride to Cherokee.

SECOND GRADE

The second grade has taken walks to help them in nature study. On these walks the children notice leaves and other articles in our great world of nature. One of the second grades plan to visit the hospital and learn the use and nature of hospitals.

THIRD GRADE

The third grade class established a store through which to help the students in learning the value of money and how to make change quickly and correctly. Each student took turns being bookkeeper.

FOURTH GRADE

In commemoration of Abraham Lincoln's birthday the fourth grade prepared a play about Lincoln and gave it for the third grade. Those in the play wore costumes which they found for themselves. Upon finishing a unit on Egypt, the class prepared a display concerning Egyut.

FIFTH GRADE

The one fifth grade gave a play on Daniel Boone to the other class. Those participating made or found their own costumes for the play. The fifth and sixth grades enjoyed a joint Christmas party. The activities included: a play, carol singing and special numbers such as dancing, vocal and instrumental solos.

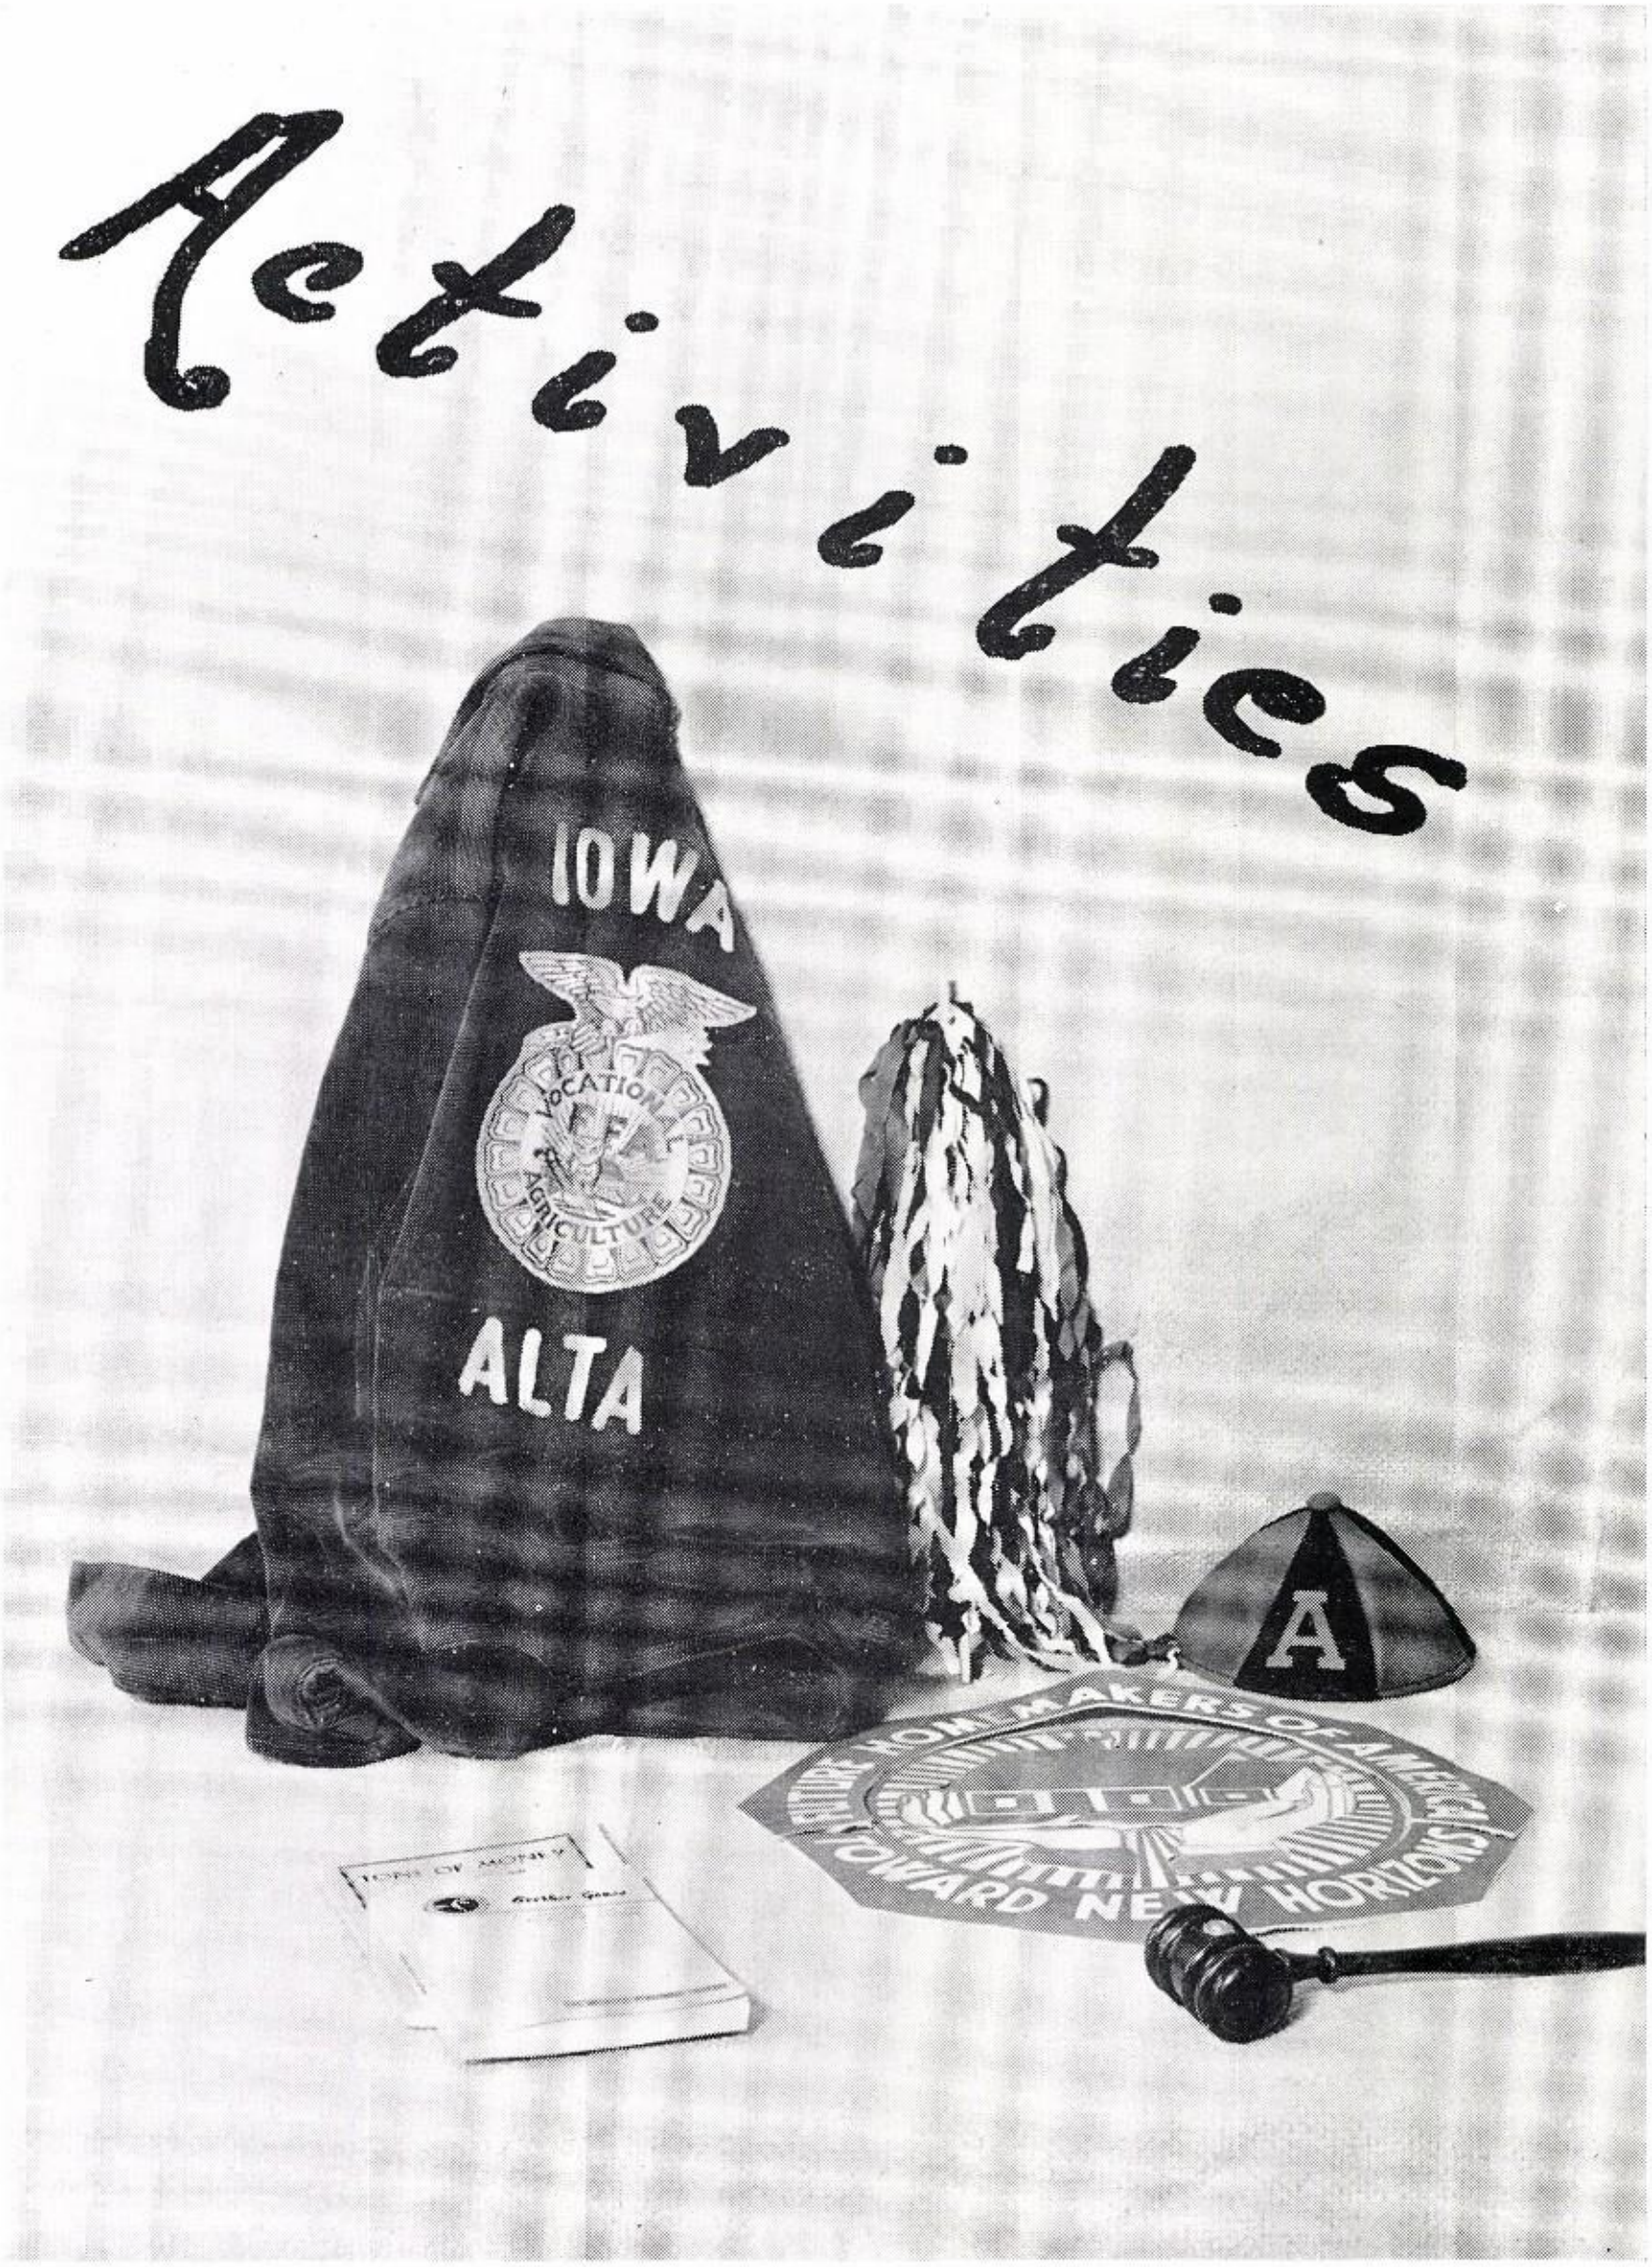
SIXTH GRADE

The sixth grade visited the creamery and saw the process by which butter is made. After completing this visit the sixth graders under the task of making butter themselves. They enjoyed eating their butter spread on crackers.

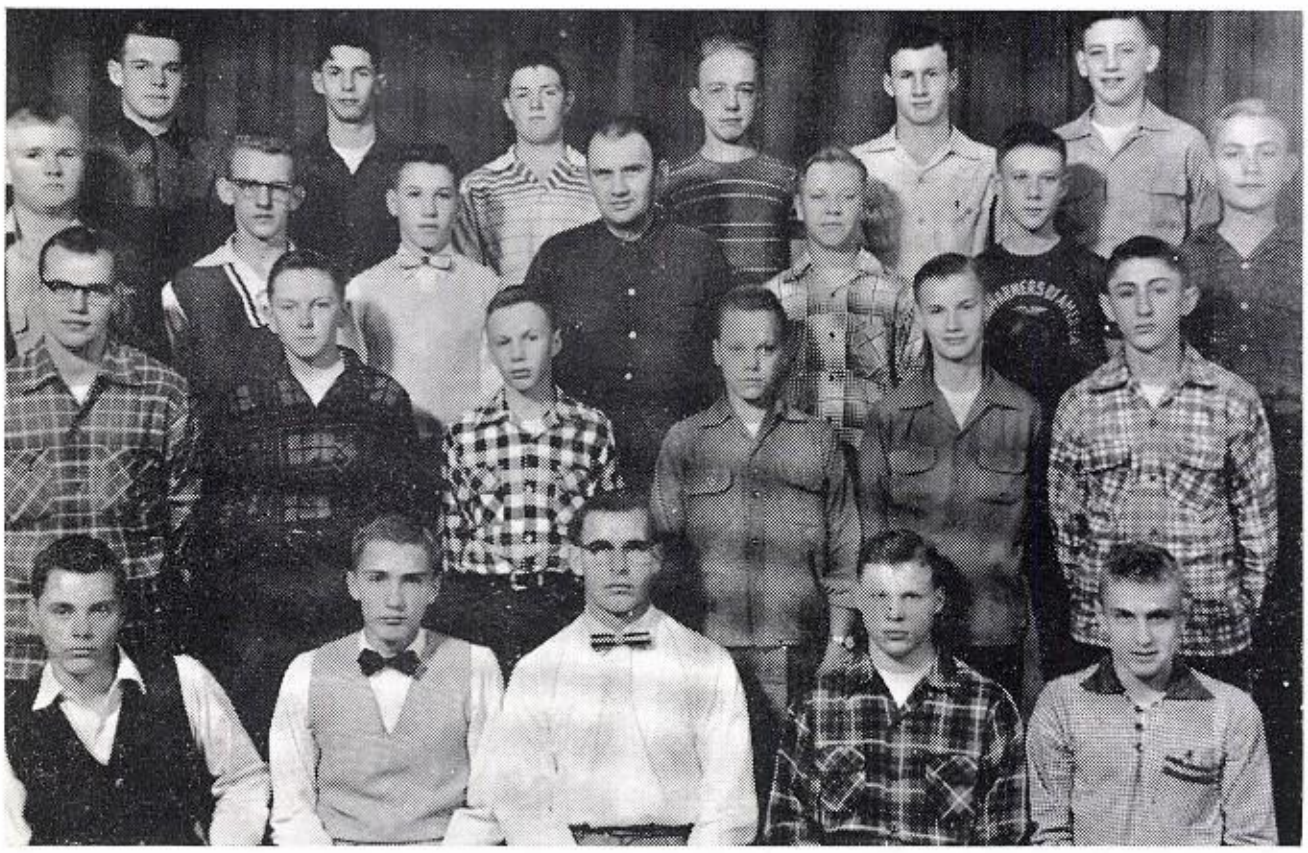
JUNIOR HIGH

The Junior High students enjoyed a skating party in Cherokee. To make the students more conscious of their grammatical errors, a project was started in which the students noticing errors made by classmates, put the errors on slips of paper and then in a box. About once a week the box was opened and each student had an opportunity to see the types of grammatical errors he was making. The first few weeks the box was always full, but now only a few errors are found in it each week. It seems we are really making an improvement.

Activities



VOCATIONAL



Front Row: Vincent Moser, Vice-President; Howard Lietz, Secretary; Larry Huntley, President; James Otto, Reporter; Kenneth Watts, Treasurer.

Second Row: Duane Jensen, Dick Schmidt, Ralph Watts, Raymond Moser, Burton Johnson, Marlin Friedrich.

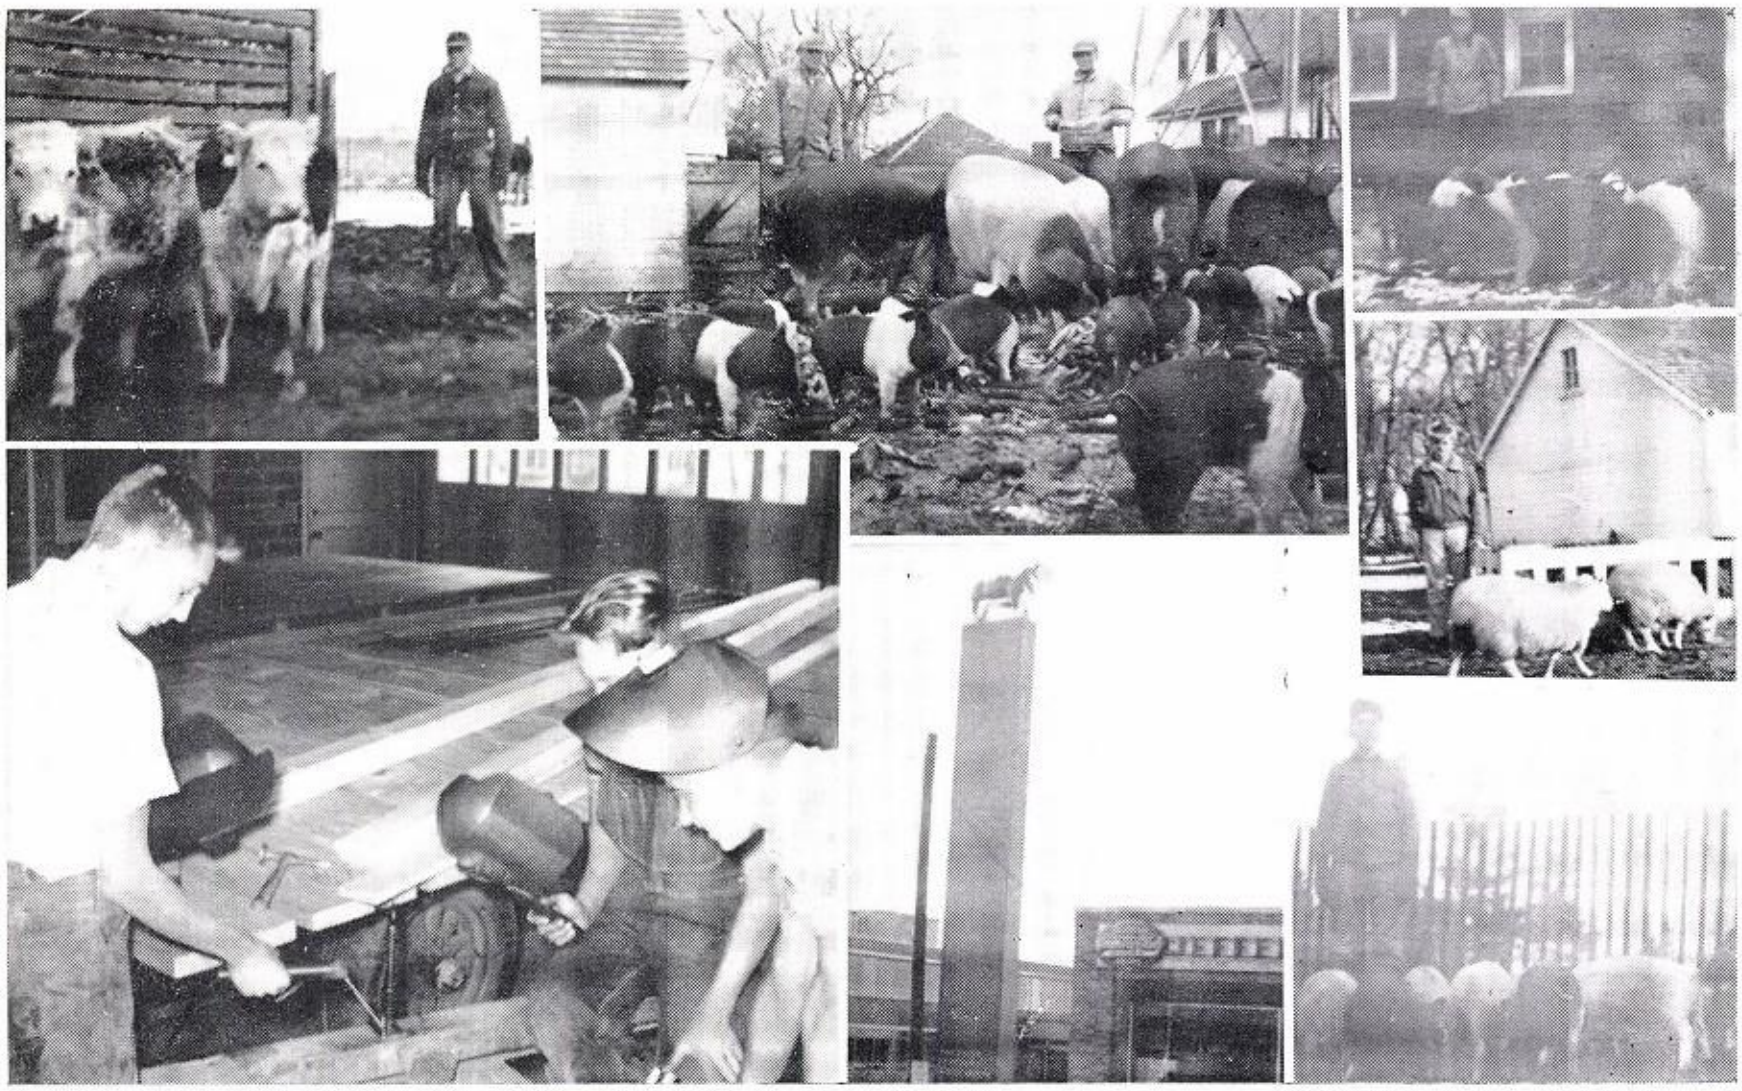
Third Row: Darrel Hinkeldey, Dean Peters, Alvern Miller, Mr. Obst, Arne Axelson, Gaylen Hinkeldey, Leland Molgaard.

Fourth Row: Gary Huntley, Ronald Murphy, Norman Larson, Herbert Johnson, Charles Ford, Jerry Sandine.

F.F.A.

We have entered several teams in the judging competition and have left with high honors; soil judging, the "silver emblem," Howard Lietz, Leland Molgaard, and James Otto shared this honor. We got first in corn judging by Milton Caboth, James Kirkholm, James Otto, and Bill Ryherd. Again, we entered the livestock judging team, made up of Vincent Moser, Lyle Sandine, Ray Grienke, and Ronald Murphy in the "Spencer Livestock Show" where we placed fourth. In the Sioux City Livestock judging we received sixteenth place, which was not bad due to the fact that there were groups there from three states. Vernon Hinkeldey, Jim Kirkholm, Milton Caboth, and Larry Huntley were members of the team.

Our experimental plot proved successful this year. The cost of the two acre plot was $40.00 with a gross profit of $140.00. The F.F.A. paid James Otto 50 per cent for its care, leaving a net profit for our organization of $70.00 clear profit. Again this year we sent several members to the National Convention at Kansas City. Those attending were Dean Peters, James Otto, Leland Molgaard, Howard Lietz and Larry Huntley.



AGRICULTURE

VOCATIONAL AGRICULTURE

We have a four year agriculture training course. The first year consisting of training in animal science, this being the study of swine, dairy and beef cattle, sheep, poultry, feeds and feed rations.

The second year we concentrate on the study of crops and soils. This consists of soils and their identification, crop rotations, fertilizing, small grain, forages, weeds, and landscaping.

The third year of agriculture we learn of the mechanical devices, such as farm machinery, motors, electricity and plumbing.

Our conclusive year is devoted to farm management. This consists of farm planning, farm accounts, income tax, and the study of the markets.

Each year we get twelve weeks shop training which consists of wood working. This consists of building equipment for the farm such as hog houses, feeders, etc. We also learn to weld and how to use certain tools and machines.

After four years study of this course we are well prepared for farming.

F.H.A.

The Future Homemakers of America had a very profitable year with Miss Watson as our advisor. The F.H.A. motto is "Toward New Horizons," which means that we must work to attain new goals, to better our lives, and the lives of our families. The F.H.A. flower is the red rose.

Activities of the year were: the formal installation of new officers, family fun night, wiener roast, formal Christmas dance, box social for high school, brotherhood week, sending three delegates to the State F.H.A. Convention in Des Moines, party for the eighth grade girls, and a Mother's Day Tea with a style show. We held a regular meeting each month with an interesting program planned for several meetings.

This year our organization elected a chapter mother for the first time. She was Mrs. Earl Anderson. Other officers were: president, Margaret Anderson; vice-president, Joan Anderson; secretary, LaVonne Huseman; treasurer, Betty Moser; music chairman, Karen Stille; recreation chairman, Lynette Mordick; reporter, Karen Stille.

We wish to thank everyone for contributing their time and efforts to make our organization a success this year.

ECONOMICS

HOME ECONOMICS

In Home Economics we learned how to be a better homemaker in the future. We learned to sew various articles such as: coats, suits, jumpers, dresses, skirts, and dusters. We learned how to prepare meals and fix fine desserts.

Since the senior girls are graduating, they studied different vocations. This helped some of the girls to choose their vocation for the future.

The freshmen were new in high school, so they learned the way to make friends and acquaintances. They also studied child care and home furnishings as did the sophomores.

This year turned out to be a very profitable one for the teacher, Miss Watson, as well as the students.

G.A.A.

Under the helpful guidance of our supervisor, Mrs. Keith Sawin, our G.A.A. has taken great strides. We have tried to cooperate to promote better school spirit and enthusiasm.

The G.A.A. sponsored a number of parties during the year. These included dances, sleigh ride, and play nights.

The officers for the year were: Donna Hoferman, president; Barbara Hanson, vice-president; Deanna Brechwald and Beverly Bergquist, point secretaries; and Cindy Robbins, treasurer.

We also had intramural tournaments in volleyball, softball, and basketball. The winners were awarded with chevrons.

PHYSICAL EDUCATION

The girls' physical education department, under the direction of Mrs. Keith Sawin, has had a very profitable year. Each class was taken at a different time and had a variety of activities. This year we played basketball, volleyball, badminton, softball, went bowling, and a number of other interesting recreations.

PEP CLUB

Under the guidance of Mrs. Keith Sawin, we have organized a Pep Club to help the school spirit. We have tried to be present at all games and help with the cheering section. We purchased scarlet and black beanies and tried to dress uniformly in black slacks and white blouses for all games. Our goal has been to have more enthusiasm and school support at all of our athletic events.

When four attractive sisters decide to run the family, it results in an uproarious comedy. The four sisters, from the oldest, Rose, to the youngest and mischievous Tootie, are so concerned about their brother, Lon, and his romance with Lucille, a snobbish Eastern girl, that they don't have time to listen to their father who wants to tell them they're moving to New York, and will miss the World's Fair.

The girls take the situation into their own hands. Rose makes herself up as the queenly type and Esther tries to appear vibrant. Tootie is completely satisfied as long as she is allowed to "jump out and bite people's legs."

When everything seems to be going the wrong way, Mr. Smith makes his announcement: — That he has been offered a better job in New York and the family is moving at once! At the thought of leaving their home and friends, the girls instantly unite for action! They resort to hilarious strategies that finally result in their staying in St. Louis.

LIFE WITH MAMA

What a life it is! Every second there is something doing as laugh piles on laugh. When the Old Reliable Drug Store ceases to be reliable because of chain store competition Mama pitches in to help Papa. She nearly pitches the Smith family into the poor house. But Mama has a philosophy. If you have faith everything will turn out the way you want it to. In the meantime keep busy. Mama won the cake baking blue ribbon at the county fair and everybody wants one of Mama's cakes. The laundry business Mama starts gets her in a lot of trouble. When she does not have a laundry license Mama goes to jail. Easy Street is just around the corner but Abigail, Mama's colored helper, ruins the banker's favorite shirt and Papa does not get his loan to remodel the drug store. Before it is over Papa and the banker spend the night in jail. Mama's patent medicine soothes the banker's nerves and Mama's daughter, Linda, elopes with the banker's son, Bruce. This is a pleasant and homey fast moving play of American home life that entertains the audience from curtain to curtain.

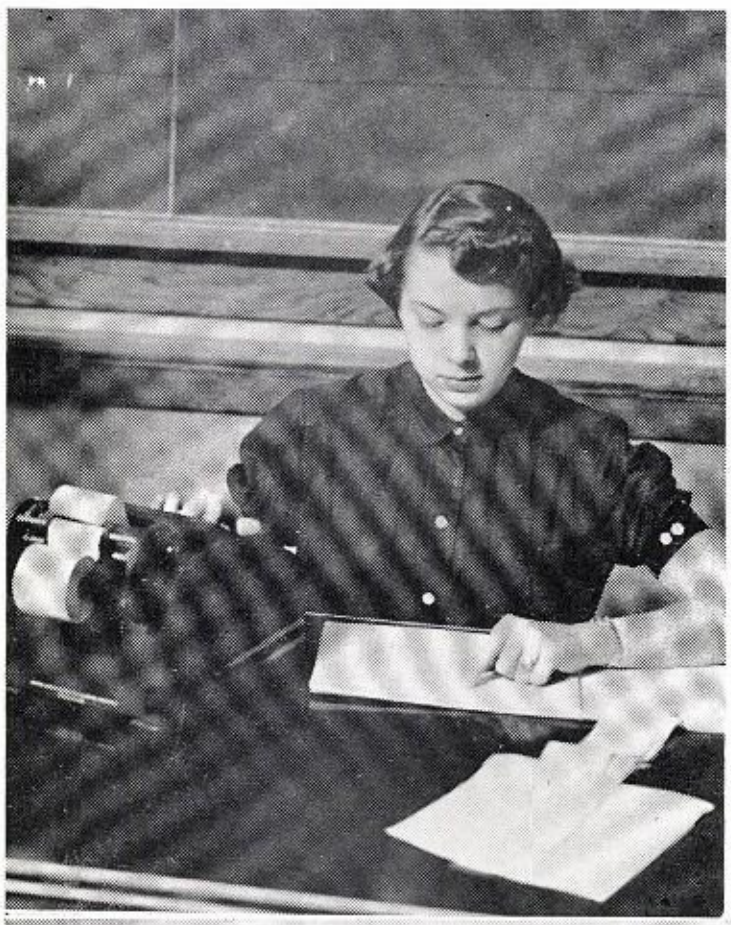
BUSINESS



BUSINESS TRAINING

The Business Education Department by combining the students own initiative with as many as possible of the experiences and problems of the modern business office endeavors to build competent office employees.

Through the development of the skills, attitudes, and characteristics required of an office employee for not only finding a job, but for continuous growth and development in this job, we hope to give our students an opportunity to take their place in the business world.

In the Business Education Department it is possible for the students to develop in the following areas: Typing of Business Letters; Multiple Reproduction of Material by Use of Carbons, Liquid Process Duplicator and Mimeograph Machine (Reproductions can be Made in Color for More Appeal); Handling of Incoming and Outgoing Mail; Alphabetizing, Indexing, and Filing; Telephone and Telegraphic Communication; Tabulation Work; Office and Shipping Forms (Interoffice Memorandums, Pur-

SCARLET AND BLACK

During the past year many things have taken place in our school. We try to keep the public informed about the most important activities through the Scarlet and Black, which appears every two weeks in the Alta Advertiser.

We publish such things as editorials, class news, grade news, jokes, gossip, and news from the various organizations.

There has been a lot of hard work done and we really appreciate it. We, the editors, would like to thank Mr. Alexander, our advisor, and the staff for all the help which they have contributed to help make the Scarlet and Black a success.

DRIVER

Realizing that with a sufficient amount of practice anyone can mechanically drive an automobile down the road, but still not be a good driver, we try to develop the know-how and attitudes which when combined with this mechanical skill produces those safe, courteous drivers which make our highways a safe and enjoyable place to drive.

During the course in driver training besides learning the mechanical skills of driving an automobile, the students are introduced to the following essential areas: When is the Car Ready to Use and Is It Operating Normally; Physical and Mental Condition of the Driver in Relation to Safe Driving; The Drinking Driver; Pedestrian Safety; Financial Responsibility of a

Car Owner; Buying a New or Used Car; Care of Your Car; Operating Your Car Economically; Driving in the City and on the Highway; Driving in Bad Weather; Changing a Tire; and Your Responsibility as a Driver.

We realize that the limited amount of training which the students receive in this one-semester course is not enough to make them competent drivers. But if this basic training is continued through the help and encouragement of their parents and friends, they can develop into safe drivers and not become another heart breaking accident report: "JOHN AND MARY WERE KILLED LAST NIGHT IN AN AUTOMOBILE ACCIDENT ON HIGHWAY . . ."

JUNIOR-SENIOR

1954 JUNIOR-SENIOR BANQUET

The Junior-Senior Banquet was held Saturday, May 8, in the old gym at Alta. The theme for the banquet was "Moonlight Bay." Entering the gym the guests stepped into a rowboat for a ride to the main floor. The guests stepped out onto an island and entered into a harbor where a large steamer had just docked. The steamer stood proud and stately with its double deck and manly state-rooms. Toward the east was another ship coming into harbor. This ship was carrying the orchestra which was to furnish the music for the evening. To the north a volcano could be seen in the silhouette and also an island on each end with rowboats and sailboats hurrying toward the islands. Above the ocean, of course, was the clear, blue sky with stars shining and the moon brightly beaming in the west. Sea gulls hovered overhead enjoying the cool evening.

The guests were led to their tables and served a delicious meal by the sophomores. The waiters were dressed as sailors and the waitresses were in navy skirts and white sport blouses. On the table were steamers made of construction paper with colored pennants and portholes. Each guest had a nutcup that also served as a name card. These were small colored boats with sailors in them and suckers for oars. On each nutcup was an anchor which was given as a favor. The meal was eaten by candlelight; the candles being decorated as lily pads.

MUSIC ACTIVITIES

The snappy Alta Marching Band under the baton of Majorette Carol Radke gave spectators very enjoyable half-time entertainment at all home football games.

The Marching Band also put in public appearances at the Annual Football Preview on September 7 at Storm Lake, at our own homecoming parade on October 1, and at the Buena Vista College Homecoming Parade at Storm Lake on October 23.

On October 16, the Marching Band journeyed to Sac City for the annual Marching Band Contest. The long hours of practice and work were well worth-while and quickly forgotten when we saw our I rating.

When the weather turns cold, thoughts turn from Marching Band to Concert Band, Mixed Chorus, Glee Club, and Musical Ensembles.

Pep Band played at all home basketball games and preparation for the Christmas Program was begun. The Christmas Program was given on December 20. A repeat performance of last years successful "Night Before Christmas" was given by the Band and Mixed Chorus along with many other fine numbers presented by various musical ensembles.

On December 23 there was "music in the air" as the Mixed Chorus went Christmas Caroling through the halls.

The first day of the second semester found Miss Janet Anderson in the vocal music room. Although we were sorry to say "good-by" to Mrs. Alexander, we were very happy to have Miss Anderson with us.

Concert Bands and Mixed Choruses from Alta, Albert City, and Aurelia met at Aurelia on January 24 for the first Tri-school Music Festival. The afternoon was spent in practice and the result of the practice gave the audience two hours of fine music in the evening.

On February 21 the Concert Band presented an evening of light entertainment in their "Pops Concert." March 29 found the soloists and ensembles on stage for the presentation of the pre-contest concert.

Contest for the small groups and soloists was held at Odebolt on April 1 and 2. Ratings were given on state contest basis as there is only one contest this year.

FOOTBALL SEASON

The Cyclones started off on a tough schedule with Holstein bowing to the home squad. They went on to win four more. Losing only three hard-fought clashes to superior foes on the conference battlefield. The season was deemed a success by everybody concerned.

All-conference team members were high this year placing two on the first and three on the second team. First team members were Gary Johnson and Ray Sievert. Second team were Duane Smit, Richard Zubradt, and Ronald Williams. Honorable mentions were Dennis Ford, Charles Ford, and Bill McDonald.

HOMECOMING

The annual, colorful Homecoming festivities of this year began with a spirited high school group forming the customary Snake Dance on the Thursday evening before the Homecoming game.

After a rousing of the townspeople in the business section, the "Snake" noisily moved to the south end of the football field, where the traditional pep rally was held. The cheerleaders ably led the assembled group in cheers and songs, and pep talks were given by Coach Sutton, Queen Beverly Bergquist, and King Ray Sievert. The dummy representing rival Primghar was then thrown in the large bonfire by Ray.

The next afternoon the Alta Marching Band headed the Homecoming parade through the business district. The multi-colored parade, consisting of the band, the floats, and the Queen and attendants riding in a convertible, halted in the up-town center for a community pep meeting. Despite the fog which continued throughout the day, all the floats appeared in order for judging, and the announcement at half-time during the game publicly rated the floats as follows: Juniors, First; Seniors, Second; Sophomores, Third; and Freshmen, Fourth.

Also during the half-time ceremonies, the Queen, with her attendants, appeared on the field to be crowned by the King. The girls attending Queen Beverly were Margaret Anderson, Joan Anderson, Deanna Brechwald and Lynette Mordick.

Although Alta lost the game to a good Primghar eleven, the dance after the game was well-attended, and the serving of refreshments brought the close to another successful celebration of Homecoming.
